Subject: Debris status Update

We just met with Eddie LeBlanc at the JFO for the latest information on debris. Nothing has changed from yesterday. The Counties are saying that they will handle the debris. The USACE is working on developing a County by County summary and that will eventually happen. But right now there is no such document. Limited assessments have been conducted, and many, many more are necessary. Mike and I are on the distribution list for the information and will forward it when it is received.

What is the plan for locals to be collecting debris? What is the status of debris collection?
